GRANITE  
WONDERFUL GRANITE FINISHES

Flaxen Paints introduces “Stone Paint” which will be pioneering in the country, It is an ideal choice for architectural exteriors as it provides texture, durability and exceptional colour fade resistance.

It also provides a uniform finish that does not age or streak and hides surface imperfections while it also feels and appear soft. Stone Paint is available in fine, medium and coarse textures. Stone Paint Fine contain marble dust creating a fine stone-like finish.

Stone Paint Coarse contains particles of graded quartz and has a course texture finish similar to cement bagging. Stone Paint is UV resistant, dirt resistant and with low odour.

Stone Paint is easy to apply. As long as the surface is clean, it is self priming and can be applied directly over previously painted surface.
